

ELEVATE THE SHOPPING EXPERIENCE WITH SEAMLESS COMMUNICATIONS

IMPROVE CUSTOMER SERVICE WITH
WELL-CONNECTED AND INFORMED STAFF

CREATE AN ENGAGING EXPERIENCE FOR EVERY SHOPPER

Retailers are under greater pressure than ever. They must do more with less on tight margins while they evolve their technologies. Their staff must be well-informed and well-coordinated in their stores, armed with the right information to satisfy customers.

Whether it's a question about a product or a request for a different size, shoppers expect retail associates to be empowered with accurate answers and attentive service. Above all, stores need better technologies to deliver a seamless experience for shoppers to keep them coming back.

When retailers create an engaging experience, they turn interactions into transactions and occasional buyers into loyal brand advocates.

CONNECT STAFF TO THE RIGHT COMMUNICATIONS FOR REAL-TIME INFORMATION

When retailers equip their stores with the right communications technology, they create a real-time flow of information between associates and managers. Rather than leaving a customer's side to search for inventory, staff can get the answers they need quickly and easily on the spot. If a spill occurs in an aisle, instead of broadcasting over an intercom or physically tracking down help, the right staff member can be alerted discreetly to resolve the problem.

By connecting employees throughout their establishment, retailers improve the quality of the experience and customer service while boosting sales. Shoppers agree – nearly 50 percent say technology-enabled associates improve their experience.⁴

Today's consumers have many choices when purchasing goods and services. This competition drives retailers to ensure that customers are satisfied with their buying experience the minute they walk through the door.

CONNECT STAFF TOGETHER INSTANTLY, CLEARLY AND DISCREETLY

Motorola business radios and accessories are designed for the unique demands of the retail environment. Working with retailers around the country, we developed communication solutions that enable you to deliver a flawless experience for your customers.

Our business radios are engineered for optimal comfort, performance and image at an affordable price. They're small, lightweight and easy to use, with long-lasting batteries and flexible ways to wear. Clear, strong audio overcomes background noise so every word is heard.

Portability meets personality in our devices, too. Sleek and stylish, they are ideal for professional attire and store image, but so durable they withstand daily abuse. Flexible carry and charging options and diverse accessories, including wireless and discreet earpieces, fit the way staff work and interact with customers.

DLR SERIES

The DLR radio has unique features such as flexible unique call options, license-free technology and extended talk range of 300,000 sq. ft.

CLS SERIES

Connect your team easily with the CLS radio, a compact, lightweight and affordable on-site communication solution.

CLP SERIES

Greet your guests with style and ease with the sleek, palm-sized CLP radio delivering professional and discreet communication.

WHEN RETAILERS RELY ON MOTOROLA, THEY TRANSFORM CUSTOMER SERVICE

In retail, the shopper's experience is everything. It's how browsing becomes buying, customers become brand advocates and how retailers influence the purchase path. By seamlessly connecting different teams and departments you help your operations run smoothly, and provide excellent service to the customer the minute they walk through your door.

With Motorola's communication solutions you can engage with your shoppers and keep them coming back. Our radios and accessories have been specifically designed to meet the needs of your staff. Lightweight and discreet they ensure crystal clear and real-time communications and let you deliver exceptional customer service.
